

How to Search and Register

1. Log in to WebAdvisor
2. Click on **Students**
3. Locate the heading for Registration and click **Register for Sections**.

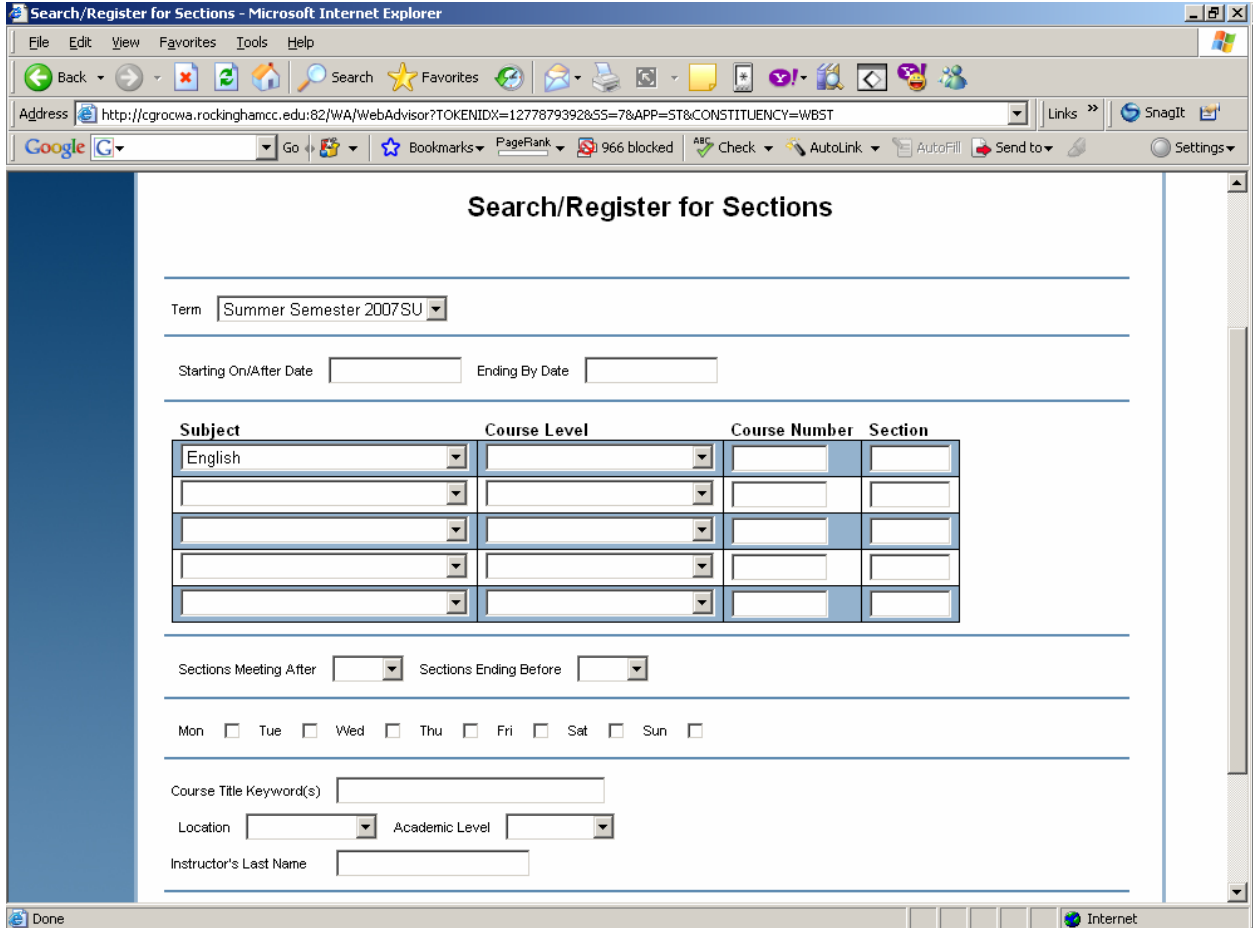

Click on Search and Register.

5.

On the

Search/Register for Sections Page, you must select the term you wish to search within. Click on the drop down arrow beside Term and click 2007SU—Summer 2007. You must select at least one other search parameter (subject, sections meeting after, sections meeting before, day of the week, course title keyword, location, or instructor’s last name) to get search results.

6. After making at least two selections (one being Term), click SUBMIT to get your results.

7. A list of sections, based on the search parameters you entered, will be returned.

8. From your list of selection sections, you can start to build your list of preferred sections. If the status of the class is Open, that means that there are seats still available and you may select this section by clicking in the box which is under the column Select Section(s). You may select multiple sections (in case it's closed on your registration date). **Remember, you are not registering now, you are simply building a preferred list of sections.**

9. If it is before your registration date, this is as far as you can go. You can continue to add sections to your preferred list, but you cannot register until your registration date. If you attempt to register before your date, WebAdvisor will return a message stating that you cannot register before whatever your assigned date and time is. When it is your date to register, you will use the Register for Previously Selected Sections option.

10. If it is after your registration date, you can proceed with registration. In the Action block beside the course(s) you wish to register for, use the drop down arrow to select **Register**. When finished, click SUBMIT.

11. WebAdvisor will return a Registration Results Page. At this point you can click OK. You have completed your registration for the selected section(s).
