Civic Engagement MOU DRAFT.docx;

Colleagues,

In conjunction with our efforts to scale up engagement of our campus clubs/organizations with community organizations in Rockingham County. The VISTA's have developed the Civic Engagement initiative, which provides an opportunity for our students to engage in service related activities, as well as share information about educational opportunities at the college.

Thus, the attached memorandum of understanding addresses us having some form of a formalized agreement with community organizations that are willing to collaborate with the college on this effort. The Eden Boys and Girls Club is one organizations that is on-board with the effort, and will need to sign the agreement. If you will please take a look at the proposed agreement and review for alignment with our institutional polices addressing student engagement with off campus organizations.

If advise of any edits, etc if needed.

Thanks,

Louis

Louis F. McIntyre, Sr.
