COURSE DESCRIPTION

The Phlebotomy program provides theory and clinical experiences needed for the proper collection of blood and other specimens used for diagnostic testing. Emphasis is placed on ethics, legalities, medical terminology, safety and universal precautions, health care delivery systems, patient relations, anatomy and physiology, and specimen collection. Upon completion, students should be able to safely perform procedures necessary for specimen collections on patients in various health care settings and may be eligible for national certification as phlebotomy technicians with the American Society for Clinical Pathology (ASCP) and National HealthCareer Association (NHA).

HRD PRE-REQUISITE COURSE

The HRD Career Readiness Phlebotomy course is required to be completed *prior* to enrollment in the Phlebotomy course. Upon submission of the Phlebotomy Registration Form, students will be enrolled in the HRD class. After successful completion of HRD, students will be enrolled in MLA 3022 Phlebotomy.

- Current COVID 19 vaccine or vaccine series

PHYSICAL REQUIREMENTS

Students must be able to stand for up to 12 hours, stoop, bend, balance themselves and the patient, and lift up to 50 lbs. The student must be able to fluently speak and understand the English language, have adequate hand/eye coordination to complete skills, and sensation in fingertips to assess tactile changes in pulse, etc.

If at any time the student refuses or is unable to perform these physical activities when asked by the instructor, he/she will be dismissed from the program. Phlebotomist duties are physically demanding and require routine performance of these activities.

PHLEBOTOMY PROGRAM DRESS CODE

- Fingernails must be no longer than ¼ inch. No artificial nails or fingernail polish.
- No jewelry other than a wedding band.
- No visible body piercings.
- Natural hair color only.
- No cologne or perfume.
- Light make-up.
- No visible tattoos or body art.
- Gray clean scrubs must be worn to class and clinical site (free of animal hair and/or dirt).
- Gray clean scrub jacket and non-slip leather nursing shoes must be worn to clinical sites and class.

VIEWPOINT SCREENING CRIMINAL BACKGROUND CHECK AND DRUG SCREENS

Students will be required to obtain a criminal background check and drug screen for clinical sites. This is a requirement for clinical participation, not a college requirement. Please see instructions below for steps in the process. The student should be aware findings, such as, but not limited to drug abuse, child/elder abuse, or theft may result in the facility refusing permission to allow you to enter the clinical site. **The clinical facility reserves the right to decide if students with criminal histories will be permitted in the facility. Students who are denied clinical rotation by the facility will not be eligible to continue in the program. Viewpoint Screening is the only agency background check accepted for the Phlebotomy program.** The clinical site reviews the criminal background check. Each clinical site has the final determination if a student will be allowed at their site. Sites may vary in their requirements to participate in their facility. Please consult with the HR representative if you have questions.

Note: Conviction of certain crimes may prevent students from gaining employment.
